

PRESS RELEASE

Talks between United Internet and Tele Columbus regarding the upcoming Annual General Meeting of Tele Columbus

Montabaur, July 5, 2019 - The Management Board of United Internet AG today met with the Chairman of the Management Board and the Chairman of the Supervisory Board of Tele Columbus AG. The discussion focused on the Tele Columbus Annual General Meeting planned for August 29, 2019 and the election of the Supervisory Board planned for this Annual General Meeting.

In the discussion, the Management Board of United Internet AG again presented the candidates proposed by United Internet for the Supervisory Board of Tele Columbus as well as their qualifications and promoted them.

In addition, the Management Board of United Internet has suggested bringing forward the publication of the figures for the first half of 2019, which are only planned for the day of the Annual General Meeting on August 29, 2019, so that all shareholders can get a view of the current development of the company in advance of the Annual General Meeting.

About United Internet

With around 24 million fee-based customer contracts and around 37 million ad-financed free accounts, United Internet AG is a leading European internet specialist. At the heart of United Internet is a highperformance "Internet Factory" with approx. 9,100 employees, of which around 3,000 are engaged in product management, development and data centers. In addition to the high sales strength of its established brands (such as 1&1, GMX, WEB.DE, 1&1 IONOS, STRATO, 1&1 Versatel and the brands of Drillisch Online), United Internet stands for outstanding operational excellence with over 61 million customer accounts worldwide.
